in a brief history of history acclaimed historian jeremy black seeks to reinvigorate and redefine our ideas

about history the stories we tell about the past are a crucial aspect of all cultures however while the traditional storytelling process what we think of as history in the proper sense is useful it is also misleading not least because it leads to the repetition of bias and misinformation black suggests that the conventional idea of history and historians is constructed too narrowly as it fails to engage with the broad nature of lived experience by focusing on a singular idea or story within the history being explored we fail to understand the interconnectivity of the everyday experience a brief history of history challenges accepted norms of the historical perspective and offers a view of human history that will surprise many and perhaps infuriate some but above all it is a history of historians written for this moment in time a time when the traditional eurocentric approach to history now appears wholly inappropriate

from the earliest records of human civilization until the dawn of the twentieth century and in widely separated cultures throughout the world the story of honor was inseparable from the story of mankind today an acquaintance with the concept of honor is indispensable to understanding the culture of the islamic world and its sense of grievance against the west where honor has been disregarded or actively despised for three quarters of a century james bowman draws from an wealth of sources across many centuries to illuminate honor's curious history in our own culture and he discovers that western honor was always different from that found elsewhere its idiosyncratic qualities derived partly from the classical tradition but mainly from the judeo christian heritage whose emphases on individual morality and more recently on sincerity and authenticity in private and personal life have acted as continual challenges to the traditional notion of honor as it is still maintained in other parts of the world these challenges to honor and the accommodations with it that they ultimately produced are a fundamental theme in our own culture's distinctive history and the eventual collapse of the honor culture in the west is the background against which the war on terror and the clash of civilizations ought to be seen jacket
